AUTHOR INDEX—VOLUME 95, 2007

Principal author entries are in **boldface,** with coauthor cross-references in plain typeface. Titles of books, journals, and software are in *italic.* Page numbers for online-only items (available at www.pubmedcentral.nih.gov/) are preceded by E.

Adams, Mary G., *see* **Alpi, Kristine M. and Adams, Mary G.**

Allen, Margaret (Peg), *see* **Kronenfeld, Michael, et al.**

Alpi, Kristine M.
We are all public health [editorial], 229–31
see also **Kronenfeld, Michael, et al.**

Alpi, Kristine M. and Adams, Mary G.
Mapping the literature of public health and community nursing, 55, E6–9

Anderson, Patricia F.
MedStory [review], 221–4

Andrews, James E.
Measuring library performance: principles and techniques by Peter Brophy [review], 464

Ankem, Kalyani
Information-seeking behavior of women in their path to an innovative alternate treatment for symptomatic uterine fibroids, 164–72, E51–3

Arnesen, Stacey J.; Cid, Victor H.; Scott, John C.; Perez, Ricardo; Zervaas, Dave
The Central American Network for Disaster and Health Information, 316–22

Ascher, Marie T., *see* **Rockoff, Maxine L, et al.**

Auston, Ione, *see* **Cahn, Marjorie A., et al.**

Badgett, Robert G., *see* **Fenton, Susan H. and Badgett, Robert G.**

Baker, Stacy, *see* **Cahn, Marjorie A., et al.**

Banks, Daniel E.; Shi, Runhua; Timm, Donna F.; Christopher, Kerri Ann; Duggar, David Charles; Comegys, Marianne; McLarty, Jerry
Decreased hospital length of stay associated with presentation of cases at morning report with librarian support, 381–7

Barnett, Molly C. and Keener, Molly W.
Expanding medical library support in response to the National Institutes of Health Public Access Policy, 450–3

Beauregard, Julie M., *see* **Koonce, Taneya Y., et al.**

Beauregard, Julie M.; Lyon, Jennifer A.; Slovis, Corey
Using the literature to evaluate diagnostic tests: amylase or lipase for diagnosing acute pancreatitis?, 121–6

Bergen, Phillip, *see* **Foust, Jill E., et al.**

Blobaum, Paul M.
Standard precautions [review], 366–7

Bobal, Alison M.; Brown, Heather L.; Hartman, Teresa L.; Magee, Marty; Schmidt, Cynthia M.
Navigating the US health care system: a video guide for immigrant and diverse populations, 286–9

Bobik, Craig D.
Healthy schools Florida, 340–2

Bogan, Yolanda, *see* **Rankins, Jenice, et al.**

Boller, Francois, *see* **Yue, Weiping, et al.**

Booth, Andrew
In response to "Brimful of STARLITE [author's reply to letter], 233

Brassey, Jon, *see* **Meats, Emma, et al.**

Braude, Robert M.
Mark E. Funk, AHIP, Medical Library Association President 2007–2008, 235–7

Brown, Betty, *see* **Rankins, Jenice, et al.**

Brown, Heather L., *see* **Bobal, Alison M., et al.**

Brown, Suzanne R.; Roush, James R.; Lamkin, Alyson R.; Perrakis, Rena; Kronenfeld, Michael R.
Evaluating the professional libraries of practicing physical therapists, 64–9

Burnham, Judy, *see* **Kronenfeld, Michael, et al.**

Cahn, Marjorie A.; Auston, Ione; Selden, Catherine R.; Cogdill, Keith; Baker, Stacy; Cavanaugh, Debra; Elliott, Sterling; Foster, Allison J.; Leep, Carolyn J.; Perez, Debra Joy; Pomietto, Blakely R.
The Partners in Information Access for the Public Health Workforce: a collaboration to improve and protect the public's health, 1995–2006, 301–9

SUBJECT INDEX—VOLUME 95, 2007

Subject entries are in **boldface**, with cross-references in plain typeface. Titles of books, journals, and software are in *italic*. Last names of authors, or "et al." if three or more, are in parentheses. See Author Index for names of all authors. Page numbers for online-only items (available at www.pubmedcentral.nih.gov/) are preceded by E.

Academic Medical Librarian of the Year, *see* **Brodman (Estelle) Award for Academic Medical Librarian of the Year**

Acquisitions and collection development
- Citation analysis of Minnesota Department of Health official publications and journal articles: a needs assessment for the RN Barr Library (Rethlefsen), 260–6
- The effects of portfolio purchasing on a specialized subject collection (Murphy), 9–13
- Evaluating your nursing collection: a quick way to preserve nursing history in a working collection (Shisler), 278–83
- The median age technique for assessing currency of consumer health information monographic collections in public libraries (Li), 89–90
- Realizing what's essential: a case study on integrating electronic journal management into a print-centric technical services department (Dollar, et al.), 147–55

Adolescents
- Impact of a low-intensity pedagogical model for integrating MedlinePlus exercises into middle school nutrition lessons (Rankins, et al.), 388–93

African Americans
- Development of a health sciences library at a historically black college and university (HBCU): laying the foundation for increased minority health and health disparities research (Walker, et al.), 439–41

AIDS (Acquired immunodeficiency syndrome)
- HIV/AIDS information outreach: a community-based approach (Dancy and Dutcher), 323–9

Allied health sciences
- Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407

American Journal of Public Health
- Public health citation patterns: an analysis of the *American Journal of Public Health*, 2003–2005 (Rethlefsen and Wallis), 408–15

Association of Academic Health Sciences Libraries (AAHSL)
- Empowering your institution through assessment (Joubert and Lee), 46–53

Athletic training, *see* **Physical education and training**

Attitude of health personnel
- Barriers and enablers to the acceptance of bioinformatics tools: a qualitative study (Shachak, et al.), 454–8
- Clinical, classroom, or personal education: attitudes about health literacy (Logan), 127–37
- How primary care physicians' attitudes toward risk and uncertainty affect their use of electronic information resources (McKibbon, et al.), 138–46

Audiology
- Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407

Award for Excellence and Achievement in Hospital Librarianship, *see* **Colaianni (Lois Ann) Award for Excellence and Achievement in Hospital Librarianship**

Bibliometrics, *see* **Citation analysis**

Bioinformatics
- Barriers and enablers to the acceptance of bioinformatics tools: a qualitative study (Shachak, et al.), 454–8
- Evidence-based information retrieval in bioinformatics (Patrick), E21–4

Blogs, *see* **Internet**

Book reviews
- *Access to medical knowledge: libraries, digitization, and the public good* by Frances K. Groen (Kaplan), 360–1
- *The complete copyright liability handbook for librarians and educators* by Tomas A. Lipinski (Wisher), 94
- *Computers in libraries; an introduction for library technicians* by Katie Wilson (Hill), 209–10
- *Evaluating the impact of your library* by Sharon Markless and David Streatfield (Delgado), 210
- *Evolving Internet reference resources* edited by William Miller and Rita M. Pellen (Knott), 360
- *Get copyright right: a collection of copyright corner columns from SLA's* Information Outlook, *updated for 2006* by Laura N. Gasaway (Stephenson), 466
- *Intellectual freedom manual*, 7th ed. Office for International Freedom, ALA (Cleveland), 92–3
- *Interpreting the medical literature*, 5th ed. by Stephen H. Gehlbach (Dunn), 91
- *An introduction to reference services in academic libraries* edited by Elizabeth Connor (McKibbon), 93
- *Library technology companion: a basic guide for library staff*, 2nd ed. by John R. Burke (Jones), 211
- *Managing electronic records* edited by Julie McLeod and Catherine Hare (Weiss), 361–2
- *Measuring library performance: principles and techniques* by Peter Brophy (Andrews), 464
- *MEDLINE: a guide to effective searching in PubMed and other interfaces*, 2nd ed. by Brian S. Katcher (Rethlefsen), 212–3
- *Preserving archives* by Helen Forde (Lyons), 465–6
- *Reference and information services in the 21st century: an introduction* by Kay Ann Cassell and Uma Hiremath (Maggio), 359–60
- *Reference librarianship: notes from the trenches* by Charles R. Anderson and Peter Sprenkle (Mongelia), 362–3

Books
- Evaluating the professional libraries of practicing physical therapists (Brown, et al.), 64–9

Bougard, Renee
- President's Award, recipient, E16

Brain death
- Organ preservation in a brain

dead patient: information support for neurocritical care protocol development (Todd, et al.), 238–45
Brewer, Karen
Fellow, MLA, E16
Brodman (Estelle) Award for Academic Medical Librarian of the Year
Walton, Linda, recipient, E15
Cancer
Characteristics of cancer blog users (Kim and Chung), 445–50
Career Development Grant, Medical Informatics Section/MLA
Justice, Ellen, recipient, E14
Case reports
Utilizing case reports to build awareness of rare complications in critical care (Walden, et al.), 3–8
Case studies (column)
Approaching and analyzing a large literature on vancomycin monitoring and pharmacokinetics (Lee, et al.), 374–80
Organ preservation in a brain dead patient: information support for neurocritical care protocol development (Todd, et al.), 238–45
Using the literature to evaluate diagnostic tests: amylase or lipase for diagnosing acute pancreatitis? (Beauregard, et al.), 121–6
Utilizing case reports to build awareness of rare complications in critical care (Walden, et al.), 3–8
Caspersen, Hanne
Cunningham Memorial International Fellowship, recipient, E14
Central American Network for Disaster and Health Information (CANDHI)
The Central American Network for Disaster and Health Information (Arnesen, et al.), 316–22
Change
Realizing what's essential: a case study on integrating electronic journal management into a print-centric technical services department (Dollar, et al.), 147–55
Citation analysis
Citation analysis of Minnesota Department of Health official publications and journal articles: a needs assessment for the RN Barr Library (Rethlefsen), 260–6
A comparison of primary care information content in UpToDate and the National Guideline Clearinghouse (Fenton and Badgett), 255–9. Erratum, 473
Continuing use of print-only information by researchers (Knowlton), 83–8
The effects of portfolio purchasing on a specialized subject collection (Murphy), 9–13
Interlibrary loan in US and Canadian health sciences libraries 2005: update on journal article use (Lacroix and Collins), 189–94
Mapping selected general literature of international nursing (Shams and Dixon), 54, E1–5
Mapping the literature of athletic training (Delwiche and Hall), 195–201
Mapping the literature of health care management (Taylor, et al.), 202, E58–65. Erratum, July vi
Mapping the literature of public health and community nursing (Alpi and Adams), 55, E6–9
Public health citation patterns: an analysis of the *American Journal of Public Health*, 2003–2005 (Rethlefsen and Wallis), 408–15
Which journals do primary care physicians and specialists access from an online service? (McKibbon, et al.), 246–54
Clinical medical librarians
Changes in information behavior in clinical teams after introduction of a clinical librarian service (Urquhart, et al.), 14–22
Decreased hospital length of stay associated with presentation of cases at morning report with librarian support (Banks, et al.), 381–7
Clinical protocols
Organ preservation in a brain dead patient: information support for neurocritical care protocol development (Todd, et al.), 238–45
Colaianni (Lois Ann) Award for Excellence and Achievement in Hospital Librarianship
Schneider, Janet, recipient, E15
Collaboration, *see* **Cooperation**
Collection development, *see* **Acquisitions and collection development**
Community health nursing
Mapping the literature of public health and community nursing (Alpi and Adams), 55, E6–9
Community health services
Assessing health disparities and environmental justice: the National Library of Medicine's Environmental Health Information Outreach Program (Dutcher, et al.), 330–6
The CATCH Project: Central Mass Access to Child Health Information (Harger and Martin), 337–9
HIV/AIDS information outreach: a community-based approach (Dancy and Dutcher), 323–9
MedlinePlus and the challenge of low health literacy: findings from the *Colonias* project (Olney, et al.), 31–9
Unlocking the power of electronic health information for public health workers in Kansas (Coady and Willard), 347–8
Computer software
Barriers and enablers to the acceptance of bioinformatics tools: a qualitative study (Shachak, et al.), 454–8
Computers
The development of the Medical Literature Analysis and Retrieval System (MEDLARS) (Dee), 416–25
Consumer health information, *see also* **Patient education**
AZHealthInfo: a collaborative model for supporting the health information needs of public health workers, public librarians, consumers, and communities in Arizona (Ryan), 349–51
Characteristics of cancer blog users (Kim and Chung), 445–50
Collaboration addresses information and education needs of an urban public health workforce (Charbonneau, et al.), 352–4

Expert searching in consumer health: an important role for librarians in the age of the Internet and the Web (Volk), 203–7, E66
Impact of a low-intensity pedagogical model for integrating MedlinePlus exercises into middle school nutrition lessons (Rankins, et al.), 388–93
Information-seeking behavior of women in their path to an innovative alternate treatment for symptomatic uterine fibroids (Ankem), 164–72, E51–3
The median age technique for assessing currency of consumer health information monographic collections in public libraries (Li), 89–90
MedlinePlus and the challenge of low health literacy: findings from the *Colonias* project (Olney, et al.), 31–9
Navigating the US health care system: a video guide for immigrant and diverse populations (Bobal), 286–8
Consumer satisfaction
Empowering your institution through assessment (Joubert and Lee), 46–53
Expert searching in consumer health: an important role for librarians in the age of the Internet and the Web (Volk), 203–7, E66
Continuing Education Grant, MLA
Justice, Ellen, recipient, E14
Cooperation
AZHealthInfo: a collaborative model for supporting the health information needs of public health workers, public librarians, consumers, and communities in Arizona (Ryan), 349–51
Collaboration addresses information and education needs of an urban public health workforce (Charbonneau, et al.), 352–4
Development of a health sciences library at a historically black college and university (HBCU): laying the foundation for increased minority health and health disparities research (Walker, et al.), 439–41
Information outreach to a local public health department: a case study in collaboration (Rockoff, et al.), 355–7
The Partners in Information Access for the Public Health Workforce: a collaboration to improve and protect the public's health, 1995–2006 (Cahn, et al.), 301–9
Core Public Health Journals Project
Darling Medal for Distinguished Achievement in Collection Development, recipient, E15
Cunningham Memorial International Fellowship
Caspersen, Hanne, recipient, E14

MEDLARS
The development of the Medical Literature Analysis and Retrieval System (MEDLARS) (Dee), 416–25
MEDLINE
Response to Glanville et al.: how to identify randomized controlled trials in MEDLINE: ten years on (Wilczynski, et al.); (Leclercq) [letters]; (Glanville and Lefebvre) [authors' response], 117–20
MedlinePlus, *see* **Consumer health information; Internet**
Meta-analysis
In response to "Brimful of STARLITE" (Sandelowski) [letter]; author's reply (Booth), 233
Midcontinental Chapter, MLA
Majors/MLA Chapter Project of the Year Award, recipient, E16
Minority Student Scholarship
Escamilla, Monique, recipient, E14
Morning report
Decreased hospital length of stay associated with presentation of cases at morning report with librarian support (Banks, et al.), 381–7
Morse, David A.
Fellow, MLA, E17
National Institutes of Health (NIH)
Expanding medical library support in response to the National Institutes of Health Public Access Policy (Barnett and Keener), 450–3
Information needs and information seeking in a biomedical research setting: a study of scientists and science administrators (Grefsheim and Rankin), 426–34
National Library of Medicine
Assessing health disparities and environmental justice: the National Library of Medicine's Environmental Health Information Outreach Program (Dutcher, et al.), 330–6
Building better connections: the National Library of Medicine and public health (Humphreys), 293–300
The Central American Network for Disaster and Health Information (Arnesen, et al.), 316–22
The development of the Medical Literature Analysis and Retrieval System (MEDLARS) (Dee), 416–25
HIV/AIDS information outreach:

a community-based approach (Dancy and Dutcher), 323–9
Introduction: Public health information outreach (Cogdill), 290–2
The National Library of Medicine's outreach to the public health workforce: 2001–2006 (Cogdill, et al.), 310–5
The Partners in Information Access for the Public Health Workforce: a collaboration to improve and protect the public's health, 1995–2006 (Cahn, et al.), 301–9
National Network of Libraries of Medicine
The National Library of Medicine's outreach to the public health workforce: 2001–2006 (Cogdill, et al.), 310–5
Natural disasters
The Central American Network for Disaster and Health Information (Arnesen, et al.), 316–22
Needs assessment
An assessment of the information-seeking abilities and needs of practicing speech-language pathologists (Nail-Chiwetalu and Ratner), 182–8, E56–7
Citation analysis of Minnesota Department of Health official publications and journal articles: a needs assessment for the RN Barr Library (Rethlefsen), 260–6
Collaboration addresses information and education needs of an urban public health workforce (Charbonneau, et al.), 352–4
Conducting a user-centered information needs assessment: the Via Christi Libraries' experience (Perley, et al.), 173–81
Information needs and information seeking in a biomedical research setting: a study of scientists and science administrators (Grefsheim and Rankin), 426–34
Information outreach to a local public health department: a case study in collaboration (Rockoff, et al.), 355–7
Unlocking the power of electronic health information for public health workers in Kansas (Coady and Willard), 347–8
Neurology
Peer assessment of journal quality in clinical neurology (Yue, et al.), 70–6
New York Online Access to Health (NOAH)
Rogers Information Advancement Award, recipient, E15
Nursing
Mapping selected general literature of international nursing (Shams and Dixon), 54, E1–5
Mapping the literature of public health and community nursing (Alpi and Adams), 55, E6–9
Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407
Obituaries
Holtz, Virginia H., 1932–2006 (Kanter, et al.), 101–2
Occupational therapy
Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407
Open access
Case study: lessons learned through digitizing the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research collection (Hatfield and Kelley), 267–70
Expanding medical library support in response to the National Institutes of Health Public Access Policy (Barnett and Keener), 450–3
Organ preservation
Organ preservation in a brain dead patient: information support for neurocritical care protocol development (Todd, et al.), 238–45
Organization and administration
Realizing what's essential: a case study on integrating electronic journal management into a print-centric technical services department (Dollar, et al.), 147–55
Organizational change, *see* **Change**
Outreach
Assessing health disparities and environmental justice: the National Library of Medicine's Environmental Health Information Outreach Program (Dutcher, et al.), 330–6
AZHealthInfo: a collaborative model for supporting the health information needs of public health workers, public librarians, consumers, and communities in Arizona (Ryan), 349–51
Building better connections: the National Library of Medicine and public health (Humphreys), 293–300
The CATCH Project: Central Mass Access to Child Health Information (Harger and Martin), 337–9
Collaboration addresses information and education needs of an urban public health workforce (Charbonneau, et al.), 352–4
Healthy schools Florida (Bobik), 340–2
HIV/AIDS information outreach: a community-based approach (Dancy and Dutcher), 323–9
Information outreach to a local public health department: a case study in collaboration (Rockoff, et al.), 355–7
Introduction: Public health information outreach (Cogdill), 290–2
MedlinePlus and the challenge of low health literacy: findings from the *Colonias* project (Olney, et al.), 31–9
The National Library of Medicine's outreach to the public health workforce: 2001–2006 (Cogdill, et al.), 310–5
Unlocking the power of electronic health information for public health workers in Kansas (Coady and Willard), 347–8
Pan American Health Organization (PAHO)
The Central American Network for Disaster and Health Information (Arnesen, et al.), 316–22
Pancreatitis
Using the literature to evaluate diagnostic tests: amylase or lipase for diagnosing acute pancreatitis? (Beauregard, et al.), 121–6

Patient education, *see also* **Consumer health information**
Clinical, classroom, or personal education: attitudes about health literacy (Logan), 127–37
Expert searching in consumer health: an important role for librarians in the age of the Internet and the Web (Volk), 203–7, E66
Information prescriptions: a barrier to fulfillment (Leisey and Shipman), 435–8
Navigating the US health care system: a video guide for immigrant and diverse populations (Bobal, et al.), 286–9
Toward a more informed patient; bridging health care information through an interactive communication portal (Koonce, et al.), 77–81
Patient libraries
Response to Perryman (Panella) [letter], 120
Patron satisfaction, *see* **Consumer satisfaction**
Pediatricians
Journal reading patterns and preferences of pediatricians (Tenopir, et al.), 56–63
Peer review
Peer assessment of journal quality in clinical neurology (Yue, et al.), 70–6
Peer support
Characteristics of cancer blog users (Kim and Chung), 445–50
Physical education and training
Mapping the literature of athletic training (Delwiche and Hall), 195–201
Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407
Physical therapy
Evaluating the professional libraries of practicing physical therapists (Brown, et al.), 64–9
Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407
Physician assistants
Review for librarians of evidence-based practice in nursing and the allied health professions in the United States (Kronenfeld, et al.), 394–407
Presidential address, E10–13
President's Award
Bougard, Renee, recipient, E16
Kelly, Janice, recipient, E16
President's page
Mark E. Funk, AHIP. Medical Library Association President 2007–2008 (Braude), 235–7
Primary care
A comparison of primary care information content in UpToDate and the National Guideline Clearinghouse (Fenton and Badgett), 255–9. Erratum, 473
How primary care physicians' attitudes toward risk and uncertainty affect their use of electronic information resources (McKibbon, et al.), 138–46
Which journals do primary care physicians and specialists access from an online service? (McKibbon, et al.), 246–54
Professional competence
Knowledge and skills required to provide health information-related virtual reference services: evidence from a survey (Tu), 458–61
Professional development, librarian
The next challenge: where do we go from here? (Giuse) [editorial], 1–2
Professional Development Grant, Hospital Libraries Section/MLA
Haydar, Rita, recipient, E14
Wilson, Joan, recipient, E14
